** Punarbasan village is a Permanent Shelter of Govt. of Bangladesh in Bhuapur.

Among the group members ORS, Metronidazole, Paracetamol, Entacid, Anti-Fungal and Anti-Histamin medicines have been distributed. Besides this we have been distributing seeds among the flood victims for cultivating winter vegetables in their homestead garden. A total of 13,000 group members will be provided seeds of vegetables. The activity will be continued up to September 04. From the monitoring it is found that medicating support is a blessing to the flood victims. The support has been provided them as per their needs. The flood victims are coming back gradually after recede the flood water. A number of houses and crops have damaged of our organized group members.

With best regards and thanks,

Sincerely yours,
