Mohammadpur, Dhaka-1207.
Phone- 8112622, 8127975
Fax: 8116812

Contact Person:
Dr. Badiul Alam Mojumdar, Country Director

Purpose of the Project:

(1).To provide immediate relief to the flood affected people like flat rice, puffed rice, rice, cane sugar , cookies water purifying tablets etc. for their food crises

Funding Of the Project:

Spandan B, U.S.A a non political and non profitable organization of expatriate Bangladeshis is non American will provide financial support of the project.

Location of the project:

The project will be executed in the flood affected areas in and around Dhaka Division.

- Flood victims are suffering specially from food crisis.
- They have no source of income due to flood.
- They can't cook due to overflow of water.

The flood affected people, who left their household, are staying on embankment, high lands and any other sheltering center instead of their own homes. They do not have arrangement for cooking food. At present they need food in such a way that they can consume without further preparation/processing for their survival. It should sustain them during the flood especially in food requirements. Because of this we decide to supply dry food which can be consumed directly without further preparation.

Plan of operation:

Implementation of the project has the following factors:

- Selection of Recipients
- Selection of foods and Quantities
- Procurement and Distribution
- Monitoring and Follow up

Selection of Recipients

The Hunger Project- Bangladesh has trained rural Youth for Voluntary services, who are called Animators. The animators are not paid staff. They will however receive actual expenses for transportation etc. for implementing the project. The local animators will survey and prepare the list of families, who need support and collect supplies from Head office at Dhaka and distribute among them.

Selection of foods and quantities:

Due to overflow of water the victims can't cook .So dry food which is ready food like flat rice, sugarcane, and cookies for the children will be suitable for them. Besides this some necessary goods like match and candle are also important for them.

Quantity of foods and related items in each packet:

Sl. No	Item	Amount
2.	Flat rice	2kg
3.	Cane sugar	½ kg
4.	Match	02
5.	Candle	02
6.	Cookies for Children	01 large pack

Procurement and Distribution

The dry foods will be procured in bulk for economy and then packets for distribution will be prepared by the volunteers/animators. The packet will contain selected materials as stated herein before. These family packets will be distributed to the flood affected families, which will be monitored and **Co-coordinated** from the Head office in Dhaka.

Estimated Budget:

Total families selected will be 3000. Each family pack will cost Tk. 135.00

SL No	Name of item	Amount	Unit price	Total price
01	Flat rice	2 kg	30	60
02	Sugar cane	½ kg	30	15
03	Match	02	02	04
04	Candle	02	05	10
05	Cookies for Children	01 packet large	40	40
06	Cost of repacking with materials	01	4 Tk each	04
07	Trans. Cost for distribution			02
	Total			135

Total Budget : 3000 families @ 135 Tk. 405000.00 equivalent to \$ 5956 @Tk.68 per Dollar

Monitoring : Time to time the program report will be made and inform to SpandanB with photo. At the end of the relief work comprehensive report will be made and sent to SpandanB

Project Duration:

Implementation one month (August/07)
