Subject: Letter of Commitment (LOC) for supporting conversion of existing experimental 'Badhan Transfusion Centre' to a complete Transfusion Center/Blood Center.

Dear Sir,

Thank you very much for sending us the proposal for conversion of existing experimental 'Badhan Transfusion Center' to a complete Transfusion Center/Blood Center.

I am pleased to inform you that the proposal was discussed & accepted in the meeting of our Executive Committee on April 26, 2015. We are in the process of raising fund and searching for available equipment. This letter may be considered as our commitment to support procuring and/or supplying equipment with equivalent worth of US\$ 200,000.00 (US Two Hundred Thousand Dollar).

You are therefore requested to please contact the relevant authority of the University of Dhaka for suitable space allocation and necessary infrastructure development, which will be treated as a pre-requisite to the aforementioned support from SpaandanB. If required, our Country Director Mr. Masih Ur Rahman will be available for any discussion meeting with you or with the University authority.

We believe our joint endeavor will once again be a success.

With thanks,

Sincerely,

Syed Faiyaz Hossainy
